OEKO-TEX ADDITION

OEKO-TEX® STANDARD 100 PRODUCT CLASS II CERTIFICATE

Swarovski Crystals are certified according to Oeko-Tex® Standard 100, Class II (Products for direct contact with Skin), an international quality label for harmless textiles. Furthermore, the product class II contains human ecological requirements on textiles, intended to get into direct contact with human skin. The standard set stricter limit values for specific health damaging substances as present laws and regulations.

Please find further information following: www.oekotex.com

The following products are excluded from the Oeko-Tex® Standard 100 certification:

- Metallics & Metallic Transfers in color 070, 071, 080, 081, 084, 086, 090, 091, 094, 096
- Crystals in color Siam, Light Siam, Yellow Opal, Hyacinth, Fireopal, and Citrine as well as forward integrated products containing those Crystal colors

Change of Product

Swarovski reserves the right to modify the dimensions, shape, composition, and concentration of components belonging to products that are referred to in this Product Information brochure. Furthermore, any applicable laws and regulations mentioned are subject to change, which is why Swarovski regularly publishes an updated version of the Product Information brochure containing facts, (application) instructions, and the current legal situation that is valid at the time of publication. References to compliance with such regulations as are stated above are based on their requirements as of the current date. Anyone seeking an in-depth understanding of the provisions should read the various laws in their entirety and/or seek advice from a legal counsel.

The customer must request and observe the valid version of the Product Information brochure before (re)ordering and using the products.
